

## Make-up Classes

It is in the best interest of the student to make up failed classes as soon as possible. The best way to remediate is to work with the teacher who issued the "F". All classes made up this way will require the payment of a \$40 fee. Classes may not be retaken to change grades to raise a GPA. This make up may be done ONLY in the quarter following when the "F" was earned. If an "F" is earned in 4th Quarter, it can be made up 1st Quarter of the following school year. If failed classes are not made up in the following quarter, the student will have to use an alternate method for earning the credit.

Alternative ways to make up credit include, but are not limited to, Electronic High School, summer school, BYU Independent study, etc. Only credit earned from an accredited institution will be accepted. All make up credit for graduation must be completed by the end of school on the Friday prior to graduation.
